

### Overview

### Models

HP 3ND/EMS/PCM+ to Intelligent Management Center Standard Upgrade License

JG140A

### Key features

- Highly flexible and scalable deployment
- Powerful administration control
- Rich resource management
- Detailed performance monitoring and management
- Flexible centralized reporting

### Product overview

Customers have bought 3Com 3ND, 3Com EMS or HP PCM+ management software. When they bought more HP network equipment, they will get several management software, it is not convenient for these customers. The upgrade license will give a special package of HP A-IMC standard platform for these customers. They can use A-IMC standard platform for all the HP network equipment management. It will replace JF288A and JF289A. Please find the accessories that have the suffix "AE", it means electronic license.

### Features and benefits

#### Management

- **Incentive to upgrade to HP IMC:** The 3ND/EMC/PCM+ to Intelligent Management Center standard provides current customers of 3Com 3ND, 3COM EMC, or HP PCM+ a discounted license for HP Intelligent Management Center.
- **Please refer to IMC standard software platform:** All the features are as same as "HP Intelligent Management Center Standard Software Platform with 100-node License".

### Technical Specifications

#### **HP 3ND/EMS/PCM+ to Intelligent Management Center Standard Upgrade License (JG140A)**
